

Who is on a care team? What is their role? What are their functions and tasks?

How is the work of a Care Team Organized?

The work of care teams to deliver proactive, population-based, patient-centered primary care is divided into 3 domains of work: pre-visit, visit, and between visit work.

| Care Team tasks: | Who? | |
|---|-----------------------------|--------------|
| <u>Previsit</u> | | |
| <ul style="list-style-type: none"> • Assist patient to prepare for visit: <ul style="list-style-type: none"> ○ bring medications to visit ○ prepare questions to ask provider ○ come in for pre-visit lab tests ○ invite family member to visit if patient prefers ○ do previsit questionnaires on MyChart | MA, receptionist via letter | |
| <ul style="list-style-type: none"> • Confirm need for interpreter | | Receptionist |
| On the day before/of the visit—before the patient arrives | | |
| <ul style="list-style-type: none"> • Make sure all rooms are stocked per standards with supplies, including printer paper. | | MA |
| | | |

| | |
|---|---|
| <ul style="list-style-type: none"> • Prepare intake packet in advance for each patient and place at the reception desk. <ul style="list-style-type: none"> ○ Previsit forms to identify patient goals for the visit ○ Medication lists ○ Patient-specific screens (PHQ9, PEDS/PSC, ACT questionnaire, etc) | MA or receptionist |
| Place orders in advance in EPIC for anticipated labs, radiology, immunizations | MA/provider depending on whether standing orders exist |
| <ul style="list-style-type: none"> • Huddle | Provider-MA (minimum); RN and receptionist strongly preferred |

| <u>On the Day of the Visit – After the Patient Has Arrived</u> | <u>Who?</u> |
|--|---|
| <ul style="list-style-type: none"> • Verify address and phone number | Receptionist |
| <ul style="list-style-type: none"> • Verify MyCHArt and text message preferences | Receptionist |
| <ul style="list-style-type: none"> • Give med reconciliation list to patient and verify pharmacy | Receptionist/MA |
| <ul style="list-style-type: none"> • Give intake form(s) to the patient: meds, allergies, family history, past medical history and encourage patient to fill out in the waiting room. | Receptionist |
| <u>On the Day of the Visit--In the Exam Room Before the Provider Has Arrived</u> | |
| <ul style="list-style-type: none"> • Complete vitals and previsit work per MA Standards. | MA |
| <ul style="list-style-type: none"> • Review health maintenance needs and close as many gaps as possible <ul style="list-style-type: none"> ○ Obtain healthcare proxies and pend order | MA |
| <ul style="list-style-type: none"> • Visibly place FOBT cards in exam room for patient overdue for colorectal cancer screening | MA |
| <ul style="list-style-type: none"> ○ Schedule mammogram, eye exam, colorectal screening, etc. as health maintenance needs are identified; update HM | MA/receptionist |
| <ul style="list-style-type: none"> • Administer PHQ-9/other mental health patient self-assessment for patients being screened or monitored for mental health disorders | MA |
| <ul style="list-style-type: none"> • Place monofilament on counter and have patients take their shoes off if they have diabetes | MA |
| <ul style="list-style-type: none"> • Administer ACT questionnaire for patients with asthma | MA |
| <ul style="list-style-type: none"> • Complete falls assessment for elderly patients | MA |
| <ul style="list-style-type: none"> • Complete all age-specific assessments (eg, hearing and vision screening) | MA |
| <ul style="list-style-type: none"> • Help patients identify their goals for the visit and for their health | MA, CRS (Community Resource Specialist) |
| <ul style="list-style-type: none"> • Review and reconcile medications and identify refill needs | MA and Provider |
| <ul style="list-style-type: none"> • Assess for tobacco use and domestic violence | MA |
| <ul style="list-style-type: none"> • Review EPIC Snapshot and lock on exam room computer screen | MA |
| <ul style="list-style-type: none"> • Provide prescriptions for medications that are due to expire | Provider |
| <ul style="list-style-type: none"> • Update problem list | Provider |
| <ul style="list-style-type: none"> • Assess patient's educational needs | All team members |

| | |
|---|---|
| <ul style="list-style-type: none"> • Create care plan as needed for patients who are at higher risk (eg, diabetics with A1C \geq 8, persistent asthmatics, patients with depression PHQ9 \geq 15, patients perceived by the team as high risk) | Provider, RN, complex care manager |
| <ul style="list-style-type: none"> • Share care plan with patient | Provider, RN |
| <ul style="list-style-type: none"> • Provide appropriate educational/self-management tools for patient | MA, RN, Provider |
| <ul style="list-style-type: none"> • Administer immunizations | RN or LPN |
| <ul style="list-style-type: none"> • Give after visit summary to patient and review with the patient | Provider, MA |
| <ul style="list-style-type: none"> • Schedule patient for primary care follow-up, specialty appointments | Receptionist, MA |
| <u>Between visits</u> | |
| <ul style="list-style-type: none"> • Follow-up on test results | Provider |
| <ul style="list-style-type: none"> • Monitor Health Maintenance and use Planned Care outreach process to help patients address gaps. | MA, receptionist, Planned Care Coordinator, Community Resource Specialist |
| <ul style="list-style-type: none"> • Normal Pap, Mammogram tracking | MA |
| <ul style="list-style-type: none"> • Track all important appointments to completion | Receptionist or referral coordinator, community resource specialist |
| <ul style="list-style-type: none"> • Follow-up on missed appointments (primary care/specialty/radiology) | Receptionist, referral coordinator |
| <ul style="list-style-type: none"> • Schedule additional primary care and specialty appointments | Receptionist, referral coordinator, MA |
| <ul style="list-style-type: none"> • Utilize prescription renewal as opportunity to manage patient's care | RN/Provider |
| <ul style="list-style-type: none"> • Routine Care Management | RN |
| <ul style="list-style-type: none"> <ul style="list-style-type: none"> ○ follow-up with patients with ED and inpatient discharges | Team RN |
| <ul style="list-style-type: none"> <ul style="list-style-type: none"> ○ follow-up with patient for abnormal cancer screening | RN with team support |
| <ul style="list-style-type: none"> <ul style="list-style-type: none"> ○ follow-up with patients with newly diagnosed or poorly controlled chronic diseases, such as diabetes and depression | RN |
| <ul style="list-style-type: none"> <ul style="list-style-type: none"> ○ Provide coaching and support with patients enrolled in care management; revise treatment plan as needed; adjust treatment per guidelines or per provider recommendations; communicate treatment changes to PCP; continue follow-up until patient meets goals or opts out of care management | Team RN, Provider, RD, MA |
| <ul style="list-style-type: none"> <ul style="list-style-type: none"> ○ proactively outreach by phone (and/or mail) re: chronic illness care and health maintenance needs; review progress toward goals; reinforce self-management goals | Team RN, CCM- depending on needs, pharmacist |
| <ul style="list-style-type: none"> <ul style="list-style-type: none"> ○ proactively outreach by phone (and/or mail) re: chronic illness care and health maintenance needs | Team RN/nurse care manager depending on complexity |
